J. R. BRODT CHOSEN TO HEAD DIRECTORS OF CAMP MEETING

Prominent Mason County Man Named to Succeed the Late Col. I. M. Lane as President of Ruggles Camp Meeting Association—Dr. Bunton Chosen as Evangelist.

A very interesting meeting of the Board of Directors of the Ruggles Camp Meeting Association was held at the Third Street M. E. Church here today and much business of importance was transacted.

Among those present were Rev. W. H. Davenport, Superintendent of the Ashland District, Rev. J. M. Literal, Superintendent of the Covington District, Rev. H. E. Trent of Vanceburg, Rev. A. W. Insko, of Whitesboro, and Revs. W. H. Morris and W. S. Peters, of this city. The laymen in attendance were John Brodt, Dr. J. B. O'Bannon and J. H. Richardson.

Probably the most important business transacted by the board was the election of Mr. John R. Brodt, of this county, as President of the Ruggles Camp Meeting Association to succeed the late Colonel I. M. Lane, of this city. Another important matter finally settled was the selection of Dr. George W. Bunton, of Dayton, Ohio, as evangelist and Sunday preacher for the annual meeting this year. Dr. Bunton is a former pastor of the Third Street church and probably Maysville has never had a more popular pastor.

He is just as popular with all of the people over the district from which Ruggles Camp Meeting draws as he was in Maysville.

Many other important matters were discussed at the board meeting but they were left in the hands of committees for final disposition.

POLICE BELIEVE LEWIS COUNTY MAN HAS MET WITH FOUL PLAY HERE

New Clue Picked Up By Local Police Will Be Followed Out in an Attempt to Unravel Mysterious Disappearance of Lewis County Grower.

Chief of Police Harry A. Ort has found a new clue to the mysterious disappearance here early in January of John Bailey, Lewis county farmer and teamster and is following out the clue expecting that thereby he will be able to unravel the mystery which so long has baffled the local police, the police of neighboring towns and cities and has brought great grief and suffering to Bailey's wife and six small children.

It will be remembered that Bailey delivered a load of tobacco to a local warehouse for sale and that he disappeared over night. His team of mules and wagon were found in the warehouse stable and he had never called at the warehouse for the check in payment for the tobacco which he had hauled to Maysville for sale for a neighbor.

The police have now, for the first time, since the disappearance of Bailey, reached the belief that there might be something in the impression many people had at the time of the disappearance, that Bailey had met with foul play.

Heretofore the police have not believed that foul play was likely because there was nothing to lead them to thus believe. Bailey had no money on his person at the time of any consequence and therefore they dismissed the theory of robbery. He had no enemies who would resort to murder and the only possible conclusion they could reach was that he might have been drunk, as several say he was, and got into an argument which ended fatally for him and then his assailant made way with his body.

Chief Ort and those who have been working on the case, however, were more of the opinion that Bailey had just wandered off on a long drunk and that he would show up after a few days. Almost three months have passed since his mysterious disappearance, however, and no one had heard anything about him.

The new clue picked up yesterday by Chief Ort leads the police to believe strongly that Bailey might have met with foul play in Maysville and they are working hard on the case now and expect to reach some conclusion on this tip within the next twenty-four hours that will lead either to proving beyond a doubt that Bailey was murdered or that he has simply run away from the community to remain.

COUNTY AGENT CHIEF TO ADDRESS COUNTY BOARD

Mason County Board of Agriculture Will Hold Interesting Meeting at Chamber of Commerce Building Wednesday.

A very important meeting of the Mason County Board of Agriculture will be held at the office of County Agent George Kirk in the Chamber of Commerce building tomorrow when every member of the board is expected to be in attendance.

Mr. F. E. Merriman, of Louisville, Chief of the County Agents of this state and in charge of the government agriculture work in Kentucky, will be here to more thoroughly explain the work of the Board of Agriculture to those men who have been chosen to act on that board for Mason county.

Members of the board will be given a complete explanation of their duties in every respect and they will have a more thorough understanding of the workings of the body of which they are a part.

County Agent Kirk is very anxious that there be a good attendance so that Mason county can make a good impression on the state chief and he is today making a special effort to have every member of the organization present.

TELEPHONE POLES

DOWNS IN COUNTY Reports have reached the city that many telephone poles throughout the county were blown down in Monday night's gale. There was little interference with the telephone service throughout the county, however, as telephone experts were on the job as soon as a break was reported.

MAYSVILLE WOMAN HAS LEG REMOVED

Mrs. Thomas Ryan, of this city, underwent a very serious surgical operation at the Good Samaritan hospital in Cincinnati yesterday for the removal of the left leg. She is reported as having rallied this morning and it is thought that she will recover from the serious operation nicely.

WHO HAS A HOME FOR THESE ORPHAN CHILDREN?

Kentucky Childrens' Home Has Seven Children They Would Like to Place in This County.

The Public Ledger is in receipt of a letter from Mr. George L. Sehon, Superintendent of the Kentucky Childrens' Home in which he says:

The Kentucky Childrens' Home Society has quite a number of bright little boys, ranging in age from seven to ten years whom they would like very much to place in homes with some of the farmers in your county.

We also have twins nine years old, a boy and a girl, whom we would love to find a home for together. These children are healthy and in every way normal children except that they have had very poor school advantage.

We have 175 children in the Home now of various ages, but the ones we would especially call attention to the children of the age above mentioned, although we would be glad to fill the homes of proper applicants if they so desired.

If you are in position to give a child a home that would meet the requirements of the Society we would be glad to hear from you. Please address Goo. L. Sehon, Sept. 1086 Baxter Avenue.

ANNIVERSARY OF GREAT RIVER TRAGEDY

Just 51 years ago today—March 18, 1868—the Ohio river steamer Magnolia was blown to pieces near California, Ohio. Several Maysville people were aboard the boat at the time of the explosion and two citizens of Maysville, Rev. Frank Stone, pastor of the Baptist Church, and Mr. William Evans, were killed.

I am in the hands of my friends, and I request Undertaker Sullivan to bury me from my mother's home."

His mother, Mrs. C. W. Boss, lives at 3657 Kendall avenue, Hyde Park.

Boss is 32 years old and lived at 3235 Reading road, Cincinnati. His wife, who before her marriage was Miss Lula Reed, of this city, daughter of Councilman Charles Reed of the First Ward, last night said she did not believe her husband was mentally responsible for his act.

"He worried over prohibition until he was nearly crazy," Mrs. Boss said. "He worried night and day."

Boss told physicians at the General Hospital last night that he had shot himself accidentally. Physicians, upon examination of the wound, said the weapon was held in the left hand at the time it was discharged.

Mrs. Ida McDonald and Nancye Sorrell spent yesterday in this city.

BREWER SHOOTS SELF IN BREAST BECAUSE OF WORRY

Worry Over Prohibition Led to Despondency Which Caused Husband of Local Girl to Attempt Suicide.

The story of Private Patrick O'Dell, British Army, as told in Monday's issue of the Public Ledger caused quite a bit of interest in the young man among the men about town. Several called on him Monday evening and they soon learned that the soldier-linotyper was out of funds and was on his way to Washington to learn why his pension had not been paid promptly.

When he first arrived in Maysville he called at the police station to get night's lodging and there he ran across Squire Fred W. Bauer, a printer, to whom his story was very interesting. Through the Squire he found a night's lodging and was on Monday introduced to the printers of the city who presented him with a small sum with which to purchase his meals.

When this became known Monday evening a number of local men became interested and, after seeing his papers issued at his discharge from the British army, started a purse to pay his expenses from this city to Washington city. Before noon today enough had been subscribed by the men in hotel lobbies and offices about town to purchase his ticket to Washington and to furnish him with food and comforts on his way.

County Agent George Kirk took much interest in the man after hearing his interesting story and although O'Dell said he was not begging and could make his way through to the capital through the kindness of the men of his trade, Mr. Kirk insisted on raising the purse. Private O'Dell accepted the purse with hearty thanks and leaves this evening over C. & O. for Washington. He will always have a kindly feeling for Maysville, its printers and its fine, big hearted men.

MAYSVILLE WILL NOW HAVE BETTER LAUNDRY SERVICE

Beginning Next Monday — Modern Laundry Company Will Introduce New System of Collection and Delivery.

An aged-old custom considers Monday as wash day. In the Modern Laundry every day is wash day. But of course, everybody's washing cannot be done on the same day.

Heretofore fully sixty per cent. of laundry patrons have sent their work to the laundry on Monday.

Thus, laundries have been deluged with work the fore part of the week. The help have begun the week discouraged and dissatisfied, and the result has often been reflected in the work and service.

This unequal distribution of the work has been quite as much to the disadvantage of the patron as it has to the laundry. All employes do their best work when they clearly understand just what it is, and when they can see "over the top" of it.

Every day a certain amount of the work will be brought into the plants and an equal amount delivered to patrons. Many patrons have unthinkingly demanded special service. Given it once, some have acquired the habit. Special service is expensive to the laundry and patrons alike. There are occasions when special service is needed and will be given, but these occasions are few and will be greatly reduced under this new plan. The foregoing, and many other seemingly small items have been and are a big factor in the overhead expenses of a laundry; and along with the war, higher wages, increased cost of materials, etc., have been responsible for the higher prices which the laundry owners have been compelled to charge. Neither the public nor the laundry owner can control the prices of material nor the wages of labor. But the laundry owners, with the hearty co-operation of the public, can, and will control some of the items of overhead expense, and prevent a further increase in laundry prices, if indeed, they do not eventually lower them to a considerable extent.

HERE IS THE PLAN

Each patron will be advised as to the day and hour when each laundry's representative will call for their laundry. It should be ready and he should not be expected to wait. Hours and hours of time, and gallons of gasoline and oil have been wasted while drivers waited for bundles. We will divide the total number of calls into five equal parts. One-fifth of the work will be collected Monday, one-fifth Tuesday and so on until Friday. In the same manner, one-fifth of the work will be delivered each day. There will be but one collection and one delivery each week on each route. All collection and deliveries of laundry work will be made each morning before noon. Telephone calls not being on salesman's route will be made in the afternoon each day. If the driver serving you calls at nine o'clock one week, you may expect him at the same hour each week, almost to

the minute. The same applies to delivery. Your driver will deliver your bundle at the same hour each week. Each customer will be requested to have the cash ready. There can be no variation from the foregoing, as it would soon defeat the purpose of the plan which is—better work and better service for all. No special rush work will be called for and delivered. Work brought to the office and called for may be had in shorter time than by the regular system. The foregoing plan is now in operation in several cities, and has been received by the public most graciously, because its advantages are so apparent and its practical value so soon established. It looks more revolutionary than it is. It is simply breaking up a custom, which is a custom only, and by no means a necessity.

The laundry owner presents the foregoing, firm in the belief that its reasonableness and good sense will appeal to their patrons. This plan with the hearty co-operation of laundry patrons, will promote better conditions for laundry employees, which in turn cannot fail to result in better work and better service; and last, but not least, reduction rather than an advance in laundry prices.

E. H. RODEN, Modern Laundry.

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Maysville people appreciate work,

and many months ago local citizens publicly endorsed Dean's Kidney Pills; they do so still. Would a citizen make this statement which follows unless convinced that the article was just as represented? Below is testimony much as the sufferer from kidney ills is looking for.

Henry S. Gallenstein, blacksmith, 124 W. Third St., Maysville, says: "My kidney pills were out of order and I had pain through my back. Dean's Kidney Pills put an entire stop to the pains and my kidneys became well."

(Statement given January 9, 1912.)

RESULTS THAT REMAIN

Over four years later, or on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Dean's Kidney Pills. The benefit they gave me has been permanent."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy — get Dean's Kidney Pills — the same that Mr. Gallenstein had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

TORNADO SWEEPS OVER SOUTHLAND; KENTUCKIAN KILLED

Storms in Southern States Sunday De
Much Damage—Flood Stage In
This Ohio River District
Not Expected.

News was received here last night from various sources of a terrific tornado which had swept over several Southern states Sunday afternoon, killing at least 10 persons and destroying property roughly estimated at more than \$1,000,000.

Julius Ward Johnson, a former Scott county man and son of former Governor G. W. Johnson, was killed when a cyclone swept over his plantation in Pantherburn, Miss.

Mr. Johnson was well known in Central Kentucky, where his family has been prominent for many years. His mother was Anna Dilley before her marriage.

Oklahoma City, Okla., March 17—Three persons are reported killed and several others injured in a tornado in Kiachafisher county. Wires are down and the extent of the damage is not known.

Vicksburg, Miss., March 17—J. W. Johnson, a planter of Pantherburn, is dead and seven negroes are known to have been killed in a tornado which visited Grace and Pantherburn, Miss. Two persons were reported killed at Moorehead. Property damage is approximated at \$1,000,000.

Memphis, Tenn., March 17—All local records for rainfall in 12 hours were broken yesterday when 7.2 inches fell in that period, the weather bureau announced last night. In the last 24 hours 8.5 inches of rain fell.

Only five Memphis street car lines were in operation Sunday night, owing to washouts and traffic on railroads throughout this portion of Tennessee has been impeded.

Napoleon, Ohio, March 17—heavy rains during the last 24 hours have caused the Maumee River to overflow its banks in many places in Henry county. The river at 6 o'clock Sunday night was up to nine feet, five and one half feet above normal. Hundreds of acres of lowlands are flooded with from twelve to twenty-four inches of water. The river is still rising at a two inch an hour rate.

Cincinnati, Ohio, March 17—Heavy rains caused the Licking, Big Miami and Whitewater Rivers to spread over the lowlands in a number of localities below Cincinnati Sunday. The Big Miami River rose approximately six feet, but it will require at least ten feet more to bring this stream to flood mark.

Reports from Middletown say that the Great Miami is rapidly rising and that a portion of the Cincinnati and Dayton Traction Company bridge was torn away. The bridge was a temporary structure built after the 1913 flood.

Traffic was suspended until late Sunday night according to the report.

Local weather bureau officials predicted that the menace of a flood stage in the Ohio in the Cincinnati district is remote.

The German financial report shows a deficit of several billions of marks. Who can wonder, when we consider the marks Germany left upon Belgium and Northern France—Middleboro Three States.

PEGGY HYLAND GIVES SUITOR THE SLIP

A special course in how to get rid of persistent suitors, by Peggy Hyland, will open tomorrow at the Picnic Theater. In her new William Fox play, "Caught in the Act," the youthful star is an adept at giving an obnoxious suitor the slip. She thinks nothing of leaving him at a street corner, sending the police to chase him, and dodging him in automobiles. This is quite contrary to her father's wishes—but what does that matter to the heroine of the play? She is one of those real tom-boy girls, filled with the spirit of adventure. The plain everyday romance that ends with "Oh, this is so sudden!" is out of her line. When she wants a romance she makes it, even if it means visiting the man of her choice at his bachelor apartments and being wedged in pink pajamas. See this picture at the Picnic.

Atlanta, Ga., March 17—The Inman yard freight transfer station of the Southern R. R. was destroyed by fire Sunday night, with an estimated loss of over \$1,000,000.

Over 80 carloads of foodstuffs and other freight within the transfer and a number of empty cars were destroyed in the yards, some of them stretching for an eighth of a mile, were burned.

Firemen saved 100 cars of freight.

Work of rerouting freight billed from northern cities was started while the fire was still burning.

HILLSDALE HAS LIVE, S. S.

The Sunday School at Hillsdale is one of the liveliest outside the city of Maysville. Under the superintendence of Mr. John Plaister this school has supplied a long-felt need in our neighboring suburb. They promise a regular report of attendance beginning next Sunday. The Adult Bible Class of this school numbering thirty-one is supervised by their teacher, Miss Ella Waffaeo. She gave a very pleasant surprise birthday party to Mr. and Mrs. Robert Burgoyne on Saturday evening. Everyone is enthusiastic over the work in this department.

COMMITTEE WILL DISCUSS RIVER FRONT IMPROVEMENT

Proposition of Improving the Maysville River Front Will Come Before Committee of Council Soon to Meet—Maysville to Be in Forefront on Improvement.

Chairman Frank Hunsicker, of the Wharves and Ferries committee of the City Council, has announced that he expects to call a meeting of his committee sometime during this week to go over thoroughly the matter brought before council at the last regular meeting by Mr. Sherman Arn, of the Sixth Ward, for an improvement of the river front, and referred to Mr. Hunsicker's committee.

All of the members of the Wharves and Ferries committee are enthusiastic boosters of the Ohio river and all hope and expect a marked revival in river business during the coming spring and summer. It is therefore, more than likely, that this committee will look favorably upon some form of improvement of the river front so that Maysville may keep pace with the other Ohio valley cities who have already taken steps to improve their levees.

The expense of building a concrete driveway on the river grade, however, it is learned, is at the present time probably too expensive for the city to undertake, but it is practically certain that this committee will do something toward the improvement of the driveways on the levee in some manner.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid remedy tonic."

Don't allow yourself to become weak and run-down from womanly trouble. Take Cardui. It should surely help you as it has so many thousands of other women in the past 40 years. Headache, backache, stiffness, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists,

JUNO W. GAYLE IS MARRIED
TO MISS NORA HACKETT

TOWN SAVED BY TELEPHONE GIRL

Owensboro, Ky., March 17—Miss Nora Hackett and June W. Gayle, both of Owenton, were married Sunday afternoon at the home of Mr. Gayle's sister, Mrs. B. E. Garvey, in New Liberty. Dr. P. E. Burroughs, of Nashville, Tenn., brother-in-law of the bridegroom, performed the ceremony. They left immediately for an extended Southern trip. The bride is one of Owenton's most popular and attractive girls. Mr. Gayle is prominent in business and political circles and was formerly the Congressman from this district. Mr. and Mrs. Gayle will reside in Owenton.

OUR COLORED CITIZENS

Mr. and Mrs. Lewis Greene who have been confined to their home on Lexington pike with severe colds are much improved.

The Lilly of the Valley Club will meet Tuesday evening at 8 o'clock at the home of Mrs. Mary Minor in Buile Alley. All members and friends are invited to be present. After the meeting refreshments will be served. All are invited to come.

MRS. MAGGIE WHITE, Pres.

Mrs. Siddle Randolph, Secretary.

INFLUENZA AND MUMPS INVADE REFORMATORY

Frankfort, Ky., March 17—A recurrence of influenza and an epidemic of mumps have developed in the State Reformatory. A hundred prisoners are down with influenza and there are fourteen cases of mumps. No one is in a critical condition.

Janette Rankin has re-entered private life; but just the same a woman has served in the United States Congress. Don't forget that.

Mat. S. Cohen, State Commissioner of Agriculture, has issued the following statement to the farmers and housekeepers of Kentucky urging them to protect and care for the Martins this summer:

"Doubtless every one knows the value of the purple martin, which unfortunately makes its appearance in Kentucky from April 1st, to the 15th, and which is one of the greatest insect destroyers of the bird species. And since farmers of Kentucky lose thousands of dollars annually through the medium of the insect and since it is most imperative that the blue martin be encouraged to the fullest extent to come and remain with us, I feel that injustice to the hungry, starving millions, that every housekeeper and every farmer in Kentucky should at once erect poles and place upon same a simple and substantial martin box as a home for these most valuable birds.

"It will only necessitate a little time and the expenditure of a very small amount of funds and will result in a saving of almost an unlimited amount of foods and feeds.

"Therefore, please do not put it off, or "let George do it," but begin today the erection of homes for these busy, useful and badly needed little birds."

BOYS' BAND TO MAKE FIRST APPEARANCE WITH MC LUKE

Announcement Comes That the Maysville Boys' Band Will Be Heard For the First Time on Wednesday Evening at Washington Opera House.

Arrangements were completed last night between the committee of local business men who are boosting and backing the Luke McLuke lecture at the Washington Opera House Wednesday and Prof. J. W. Young, director and manager of the Maysville's Boys Band, for the band's first public appearance in Maysville.

The boys will appear on the stage at the Luke McLuke lecture and will give the people attending the lecture some of their first class music. The lads have been practicing for several weeks on concert music and there is every reason to believe that they have reached a place that their program will be very interesting. The program will be especially interesting to relatives and friends of the boys in the organization.

The tickets for the Luke McLuke lecture will be sold at three prices. Fifty cents is being charged for the first floor, thirty-five cents in the balcony and twenty-five cents in the gallery. The combined entertainment of the Cincinnati humorist and the Maysville Boys' Band should fill the Opera House to overflowing.

The program for the band's part of the program is announced as follows:

- Prelude by Boys' Band 8 p.m.
1. March—"The Advance," James M. Fulton.
2. Waltz—"Ivera," C. H. Bennett.
3. March—"Favorite" (Introducing "The Old Oaken Bucket"), J. W. Young.
4. Finale — "National" March (America and Bugle Call, The "Revielle"), W. R. Holmes.

REVIVAL OF INTEREST IN COMMUNITY CHORUS

The public in general is pleased to see the revival of interest in the Marion County Community Chorus. This chorus was just getting a firm hold on the public when the influenza epidemic broke in upon us and spoiled all plans. The chorus will be heard again, however, on Thursday night at the County Conference in the First Presbyterian Church and it is certain this announcement alone will draw many to the conference.

ONE-FOURTH TOBACCO SOLD HERE CAME FROM OHIO

Some of our leading Maysville tobacco warehousemen have placed an estimate on the amount of Ohio tobacco sold on the Maysville market this year. They say that they are placing a very conservative figure on the total when they find that at least one-fourth of the tobacco sold on this market this year was grown in Ohio. It was all good tobacco too and was sold when the market was at its best.

HENDRICKSON TO HAVE BIG RECEPTION AT OPENING

Plans Being Made by Management of Popular Paint and Wall Paper Store to Have Great Opening Thursday.

Mr. Frank L. Hendrickson, manager of the Hendrickson Paint Company, announces that he will open his attractive new store at the corner of Sutton and Second streets on next Tuesday and he is inviting the public to visit his new store on that day and inspect his attractive new lines of wall paper, paints and rugs.

Probably no store in the state of Kentucky has a larger or more complete line of paints, papers and rugs than this store. The company's floor space has been materially increased through the renting of adjoining property and all of this space has been thrown together. It is the opening of this new addition to the Hendrickson store that is being celebrated.

There will be music during the day and punch will be served the visitors. They are expecting quite a large number of visitors and every one in the city should take this opportunity of calling at the new store and seeing the beautiful spring lines being displayed.

STATE NOTE ISSUED BY GALLIPOLIS BANK RETURNED TO THAT INSTITUTION

Captain C. M. Phister in looking over some of his old heirlooms today ran across an old state bank note issued by the Bank of Gallipolis, Ohio, in 1839. The old note was well preserved and the Captain has mailed it to the cashier of the bank who is a personal friend of his. The note was very interesting and will probably be more than interesting to the folks of Gallipolis.

PAINFULLY INJURED BY SEWING MACHINE NEEDLE

Mrs. Jesse Helm was very painfully injured at her home in West Second street Monday afternoon. While sewing on a machine, the needle ran through one of her fingers. The needle was broken in three pieces and it required the attention of a physician to remove the broken parts.

Colonel Thomas Respest, Maysville's oldest citizen, remains very critically ill at his home in Front street.

The ten days old child of Mr. and Mrs. Charles Simms, of the Tuckahoe neighborhood, died at the home of the parents this morning after a short illness. Burial will be made Wednesday afternoon at Beasley church.

The Personal Side

In considering a bank or trust company as executor, many persons imagine that such relationship precludes the personal touch so likely to be desired by relatives and other beneficiaries. This is far from true.

On assuming the duties of executor, the Bank of Maysville at once establishes the closest possible relationship with those interested through an executive officer, who makes it his business to acquaint himself as fully as consistent with the many and varied details involved.

His services are thenceforth highly individual and personal. He is responsible to this Bank, which in turn is responsible to the estate and to the Court.

Preserve the integrity of your estate by putting it into the hands of this Bank, which has these factors of dependability: Assured existence, collective experience, state supervision, and large financial responsibility.
